

# 2015 SRII Health Data Challenge

**What:** 4-Week Health Analytics Team Challenge

**When:** Monday, May 11 to Tuesday, June 9, 2015

**Cost:** Free, but team slots are limited on a first-come, first-served basis

Complimentary conference registration will be provided

**Goal:** Test your hypotheses against real healthcare data from the UK and US

**How:** Submit an application for your team after reviewing our [information sheet](#)

**Where:** Present your findings at SRII's Global Conference in San Jose, CA June 7-10

**Venue:** [The Fairmont San Jose](#)  
170 South Market Street  
San Jose, CA 95113  
[Reservation information](#)

**Join us** in discovering exciting new insights into some of the key questions facing healthcare today! Sponsored by [SRII](#) in conjunction with [BT in the Americas](#), the **Challenge** is a unique opportunity to work with real healthcare data and to share your results at the SRII Global Conference on June 7-10.

## What Questions Can I Ask?

Ask questions like “Does socioeconomic class or race affect access to health care?” or “How do different combinations of medical conditions impact healthcare costs?” This Challenge will let you look into what you care most about.

## Where is the Patient Data From?

We will provide access to a massive database of publicly available aggregated health and non-health data published by the UK and US governments.\*

Database access and analytics tools will be provided through BT's cloud. Participants can also bring their own tools and data. This [PDF](#) has more details on the NHS database.

## We Want to Participate!

Please submit the following to [hackathon@srii.co](mailto:hackathon@srii.co). Feel free to contact us with any questions.

1. Team name
2. Team point of contact name, email, and phone
3. Question or hypothesis you want to explore

## Sharing Your Findings

Present your findings to a global audience of interested healthcare industry and academic leaders at the SRII Global Conference in Silicon Valley on June 7-10.

## Who is SRII?

The **Service Research & Innovation Institute (SRII)** is a global non-profit research and innovation institute with a mission to drive digital innovation for major service sectors of the economy at the global level. SRII members include senior leaders from industry, academia, research, and government organizations from around the world. SRII holds research conferences globally, with the annual flagship conference held in Silicon Valley/San Jose, CA. [www.thesrii.org](http://www.thesrii.org)

## Benefits of Participation

Besides gaining insights from healthcare data that may prove useful, **you will have the opportunity to meet and present to leaders and potential employers** from industry, academia, research, and government organizations from around the world, as well as leaders of Silicon Valley venture firms.
